Jackpot Rollovers

If in any drawing, there are no winners in the Jackpot prize category then the relevant Jackpot Prize Pool for that drawing will be added to the Jackpot Prize Pool for the next drawing, subject to the following rules:

- A) *A Jackpot prize cap of €18.96 million will be set for the Lotto 6/47 game and this will be the 'current jackpot prize cap'. If in any drawing the Jackpot prize is not won and the Jackpot amount for that drawing does not exceed the 'current Jackpot prize cap' then an amount of 46.16% of the Prize Fund for the next drawing will be added to the Lotto Jackpot Prize Pool for the next drawing.*
- B) *If in any drawing the Jackpot prize is not won and the Jackpot amount for that drawing does exceed the 'current jackpot prize cap' then no amount will be added to the Lotto Jackpot Prize Pool for the next or subsequent draws until that Lotto Jackpot has been won. An amount of 46.16% of the Prize Fund for the next drawing will be added to the next lower prize tier at which there is at least one winner for that drawing.*
- C) *If in any drawing the jackpot prize is won at an amount higher than the 'current jackpot prize cap' then that amount becomes the current jackpot prize cap amount for the next and subsequent Lotto drawings.*

No more than one prize for play in any one drawing

The holder of a winning ticket can win only one prize category per single game in any one drawing but shall be paid the highest prize won.
